### **PRODUCTS NEEDED**

KrX Enzyme Cleanser  
KrX Glow Cleanser  
KrX Carboxy

### **CONTRAINDICATIONS + CONSIDERATIONS**

Any allergies to ingredients, sunburn, citric acid allergy, eczema, psoriasis or any type of dermatitis

## PROTOCOL

## CLEANSE + PREP

Prepare skin by cleansing with KrX Glow Cleanser or KrX Enzyme Cleanser.

## TREATMENT STEPS

1. Apply a thick layer of Carboxy to face and neck. Apply the designated Carboxy sheet mask overtop. A bubbling sound, and spicy sensation is to be expected.
2. Wait 10 to 20 minutes
3. Remove sheet mask and gel completely.
4. Remove the gel with these 3 steps. 1. Gently scrape gel off skin with a spatula 2. Go over skin with gauze soaked in toner or water 3. Use a warm towel to ensure all Carboxy has been removed
5. Continue on with facial or move to finishing steps

## FINISHING STEPS

Continue on with facial or apply serum, moisturizer and SPF
